From the Director, Eva Feucht

As the familiar fall feeling sets in, another great semester is already in full swing! A few weeks ago, the Class of 2026 was challenged to have critical conversations at **Freshman Retreat**, and seniors reflected on their Park journey at their **Senior Retreat** in the Rocky Mountains. **Clifford Griffin**, a former Park Faculty Scholar, was recently named Fulbright Distinguished Chair in International Relations. We are happy to **welcome two new staff members** to the team and to announce exciting substantial program changes that have been in the works this summer. The application for the 27th class of Park Scholars is open now until Tuesday, Nov. 1, and you can help recruit! Apply to be a **Park Ambassador** today.
